Written for THE HAZEL GREEN HERALD,
CHRISTMAS EVE.

BY MISS KNITH LUNK.

"Come, dearies, it's time you were off to bed,"

Said mama, laying her hand upon the head Of Eva, the youngest amongst her girls, With soft blue eyes, and bewitching brown curls.

"And," she added, smiling, "I've heard it said, That little girls who are early to bed, Are the ones that Santa Claus loves the best, And, dears, the secret I'm sure I have guessed.

"For far and near Kris Kringle must go, Over the housetops covered with snow, Drawn in the sleigh by the tiny reindeer, To bring to the children, sweet Christmas cheer.

"And houses so many there are in our land, Small humble dwellings and palaces grand, That you see, little people, Santa can't wait For the naughty children who are to be late.

"So it must be true, that he'll pass them by, Nodding and smiling, and winking his eye." Margaret sighed, as she looked straight at John,

And would have spoken, but mama went on.

"There are chimneys, and chimneys open wide, Where Santa Claus, stopping, must slip inside, And creep slyly down to the open room below, Where, pausing a moment to brush off the snow,

"He looks at the stockings, large and small, Neath the mantel or close by the wall, And then, but my dears, I'll not tell you the rest For surely the sequel you will have guessed."

"Why, mama," said Mary, with a sweet little smile, "I should think it would take him the longest while

To fill all the stockings, everyone, But I know it would be the best of fun.

"Did you ever see him, or suppose we might if we'd keep very quiet and watch all night?"

"I'm sure, my dear, that he'd not come this way,

And you'd see neither Santa, toys, or sleigh.

"While these six stockings, here in a row, Would be quite empty from top to toe, When the morning sun would be shining bright

Over the meadows all covered with white.

"Oh! that would be dreadful, and I shan't try

To sit up all night, and watch like a spy. I guess he wears mittens, don't you think so, To warm his hands when he drives through the snow?"

"Yes, in the picture he has mittens on. Now, you needn't say that he hasn't, John. For I'll show you the picture," Margaret said. But John replied, "No," with a shake of his head.

Little Beth added, "He's a queer old man. But I love him as much as ever I can."

"Why, you've never seen him, Bethy, dear, So how do you know he's old and queer?"

Inquired John, from his place on the rug, Giving his shoulders a knowing shrug. "But she's seen his picture lots of times In her picture book, with stories and rhymes."

With a frown for her brother, answered May, Settling the question in the wisest way. Then Margaret queried, "How does he get in, Without sometimes falling and making a din?"

"But I know he is just as still as a mouse, For I never have heard him come in the house."

"Why, papa told us he'd heard folks say: That through the keyhole he'd find his way

"It seems very strange, but I s'pose 'tis so," Said John. Wouldn't I like to watch him, though?

But you'll leave the window open wide— So he can easily slip inside!"

"Yes, dear, I will, if you'll everyone Hurry to bed with a skip and a run."

"We will," said May, for she thought it was late—

And she feared that Santa might have to wait.

Supposing he'd tire of waiting, and go, For 'twas cold outside in the driving snow By this time. Eva had fallen fast asleep, Like the children's favorite, little Bopeep.

And Beth was nodding in her rocking chair, With a snowy nightcap over her hair. Mama awakened each dear little miss, Embracing them both with a tender kiss,

Saying, "Wake my Betty and Curly Head Come, for the children are going to bed. You'll want to be up with the first peep of light,

For you know Kris Kringle is coming to-night."

Beth rubbed her brown eyes to see more clear,

Perhaps to find if the fairies were dear; And Eva laughed as she kissed mama's cheek,

Then, after a cautiously stolen peek

At the older children, dressing for bed, She hid very quickly her curly head, In mama's white apron, which it is true, Was fashioned of lawn, so the elf peeped through.

Then she slipped to the floor and sweetly said,

"Brudder and sisters my's weddy for bed." They laughed at her, but before they would go,

They looked at the stockings, a funny row.

All peeped in the crib at the baby there, Rosy and dimpled, with soft flaxen hair,

From under the cover peeped one wee fist, Chubby and cunning, just to be kissed.

Each of the five took a good-night peep At their baby brother, fast asleep.

Then away they hurried, laughing with glee, Merrily thinking of what they would see.

When there in the morn, by the dim Christmas light,

They'd open the parcels, their eyes shining bright,

And with these sweet thoughts they skipped between

The heavy curtains, all red and green.

Mama smiled as she watched them go, Swinging the curtains to and fro,

And soon she followed their footsteps light, To kiss each one with a sweet good-night.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OF NEW YORK.

+ANNOUNCEMENTS.+

FOR JAILER.

PERDUE.—We are authorized to announce G. W. PERDUE, of Lane, as a candidate for the office of Jailer of Wolfe County, subject to the action of the Democratic party.

FOR SHERIFF.

DAY.—We are authorized to announce ROBT. A. DAY as a candidate for Sheriff of Wolfe County, subject to the action of the Democratic party.

From the best information we have the most powerful vein of natural gas ever developed in this country was in Ohio, and the pressure of that was 350 pounds to the square inch. A test on Tuesday of the first vein discovered by the Hazel Green Oil and Gas Co. demonstrated a pressure of 220 pounds to the square inch and blew out the gauge, showing that it has a power over and above that. How much more is of course problematical. But with the pressure already registered it can be easily piped to Lexington through a six-inch main, and if some of the capitalists of that city will take stock in the corporation it is only a matter of time until the blue-grass metropolis will be supplied with an abundance of natural gas for light, and fuel, if necessary. But a better plan, in our humble opinion, would be to use it for lighting exclusively and supply Hazel Green, Campton, Clay City and Winchester en route. The pipeline to Lexington would convey to all these points, and as an illuminator alone the supply would be equal to all demands. All this, it must be remembered, is based upon the strength of Well No. 1. When we add to this Well No. 2, the strength of which has not been gauged, but which is believed to be just as strong, it will be seen that both the pressure and supply are nearly, if not quite doubled. In the aggregate then the pressure is greater than any ever before known, and when it is remembered how this gas has wasted away for three months the supply seems inexhaustible. We hope some of the Lexington capitalists will take hold of it, as the home company is not in a position to speedily and properly develop it.

LATER.—Since the above was put in type, Hon. W. O. Mize, who with John H. Rose made the test, tells us that at the end of 45 minutes from the time the gauge was set and the gas confined the gauge registered 220 pounds and was still rising, when the gate blew off with an explosion like the report of a heavily charged cannon. This ex-

planation will enable those conversant with gas to understand the extraordinary pressure.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Dallas, Texas, prescribes it daily and says there is no better cough remedy made. Sold by all druggists.

HON. FRANK HOPKINS, always keenly alive to the interests of his constituents, has introduced a bill for the benefit of Mrs. Emily Byrd, of this county, together with her four orphan children. The introductory part of the bill sets forth the time and manner of the death of her husband, William A. Byrd, while in the discharge of his duty as a deputy United States marshal, with which our readers are already familiar, and the bill proper reads as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the said Emily Byrd, widow of the said William A. Byrd, deceased, be, and she is hereby allowed, for the benefit of herself and the education and support of her said children, the sum of \$2,000, and the Secretary of the Treasury is authorized and directed to pay said sum to her out of any money in the treasury not otherwise appropriated.

Justice demands that this bill be enacted, and Mr. Hopkins deserves the thanks of all our people for the interest he is manifesting in the matter. But he is just the kind of man to look after the interests of his people. He feels it his duty to represent them in fact, and he will gladly attend to anything he can upon request. In this connection we wish to say he has provided for garden seed for all his constituents, and anyone failing to receive them by middle of February should drop him a card.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver and clarify the blood. Run down systems benefit particularly, and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only \$50c, and that is returned if it don't give perfect satisfaction. Guaranteed by all druggists.

HON. SOUTH TRIMBLE, representative of the Seventh Kentucky district in congress, has introduced the following bill in the house:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That farmers and growers of tobacco shall hereafter have the right to sell tobacco in the raw or unadulterated, of their

own growth, in any quantity, either in the leaf, twist, or such other form as they may wish, free from any tax or charge, or being in any manner subject to any statutory regulation on the part of the Government of the United States. All statutes in conflict herewith are hereby repealed."

This bill is practically the same as the one introduced by Hon. F. A. Hopkins, and the passage of either of them would prevent the arbitrary fixing of the price of raw leaf, or the manufactured product. It will be an equitable, automatic governor of prices, protecting both producer and consumer, and working no injury to the manufacturer, who is satisfied with a legitimate profit on his capital. This bill has been endorsed by the White Burley Tobacco Growers Association of Kentucky, the only organization of tobacco growers in the United States. Every member of the Kentucky delegation in congress is enthusiastically supporting it, but there is no influence so potent before congress as a direct petition from the people, and, as the bill is almost identical with the one introduced by Congressman Hopkins, we hope thousands of our citizens will unite in petitioning that august body to pass this bill. Blank petitions will be furnished all who apply to Hon. South Trimble, Washington, D. C.

A Frightened Horse,

Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable salve handy and there's none as good as Bucklen's Arnica Salve. Burns, cuts, sores, eczema and piles disappear quickly under its soothing effect. 25c. at all drug stores.

THERE is more than a mere coincidence in the fact that Hon. F. A. Hopkins and Hon. South Trimble, congressmen from the Tenth and Seventh districts, respectively, should each introduce a bill so similar as their tobacco bills. We take it that both being very close to the people recognized the importance of the measure sooner than would a man who held aloof, and the fact of their nativity had something to do with it, maybe. Mr. Trimble was born in Hazel Green, and we believe Mr. Hopkins is also native to the mountains. Any how we are proud of the record he is making, and when we see Mr. Trimble striving for his people we are proud to note that our town gave him birth. Some time ago we published the full text of Mr. Hopkins's bill, and in this paper we reproduce that offered by Mr. Trimble.

BEFORE the close of 1902 the Toledo Blade will be installed in its new building, with a modern plant and equipment with facilities equal to any publication between New York and Chicago. It is the only weekly newspaper edited expressly for every state and territory. The News of the World so arranged that busy people can more easily comprehend than by reading cumbersome columns of dailies. All current topics made plain in each issue by special editorial matter, written from inception down to date. The only paper published especially for people who do or do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular is proven by the fact that the Weekly Blade now has over 175,000 yearly subscribers, and is circulated in all parts of the United States. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only ONE DOLLAR a year. Write for free specimen copy. THE NEW YORK WORLD
Thrice-a-Week Edition.

Read Wherever the English Language Is Spoken.

THE Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory in the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside. The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers.

We offer this unequalled news-paper and The Herald 1 year, for \$1.50

Wolfe County Medical Society.

At a meeting of the Wolfe County Medical Society held in Camp-ton, Ky., on Saturday, Dec. 19, 1903, after the ordinary business, discussions, etc., the following resolutions were adopted:

Resolved, As a realization of the duty we owe to the laity, especially the more ignorant class, that we ignore all quacks, charlatans, and persons practicing medicine in Wolfe county without authority or qualification so to do.

2nd. That any physician who so recognizes such quacks or charlatans as practitioners of medicine in Wolfe county, or assists them after any indictment that might be made against them for empiricism, shall be deemed guilty of unprofessional conduct and reported to the State Board of Health.

3rd. That the Local Board of Health shall see that the law be enforced against any and all persons who violate the law of empiricism in this county.

4th. That these resolutions be published in THE HAZEL GREEN HERALD and the Winchester Sun.

B. D. Cox, President.

J. H. STAMPER, Secretary.

The Lone Star State.

Down in Texas at Yoacum, is a big dry goods firm, of which Mr. J. M. Haller is the head. Mr. Haller on one of his trips East to buy goods said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that foggy feeling DeWitt's Little Early Risers are the best pills to use. Sold by all druggists.

James P. Fant, for nearly 40 years a retired merchant of Covington, died at the home of his daughter, Mrs. M. F. Pearce, on Sunday night, the 13th inst., at the ripe old age of 90 years. The last business "Eagle Jim" was engaged in was the wholesale hat house of W. A. Dickinson & Co., Cincinnati, where he made many warm friends among citizens of Hazel Green, among them Hon. W. O. Mize, J. Taylor Day and the writer, who regret to hear of his demise.

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. 50c. and \$1.00; all druggists.

Murder in Morgan.

At a wedding on Tuesday night at Elvin Haney's, on Upper Caney, a difficulty occurred between three of the Havens brothers on one side and Davidson Castle and others on the other. Castle was stabbed to death and two of the Havens brothers was cut. The Havenses are sons of Frank Havens, and it is supposed that Roe Havens was the party who did the killing. The parties are all young men except Wm. Havens, who is a married man, and he was the only one of the brothers not wounded. After the killing the Havens boys went to Caney and were put under arrest. Later—it is now said Roe's brother did the killing.

The Winchester Bank, according to its time-honored custom, this year again issues a beautiful calendar which is sent to depositors and friends with the compliments of the bank, and being in the latter relation THE HERALD acknowledges the receipt of one with thanks. This bank recently had a statement of its condition published in our columns, which showed it to be financially very healthy. N. H. Witherspoon is the courteous and accommodating president.

"Our man about town" on Tuesday heard that Miss Ava Swango had on Monday accidentally burned up \$40 in paper currency. It seems that she had the money in her lap while sitting before the grate, and upon getting up she unthoughtfully shook her apron and threw the money into the fire, it being consumed before she could rescue it. She has our sympathy.

D. Y. Combs, of Hazard, Ky., "I have suffered for ten years with my stomach and all doctors failed. I have used four bottles of your Kodol Dyspepsia Cure and can now eat and drink anything I want." Kodol Dyspepsia Cure digests all classes of food, tones and strengthens the stomach and digestive organs. It supplies the natural juices of digestion and does all the work of the stomach, while the inflamed muscles are allowed to rest and heal. Sold by all druggists.

Squire John D. Rose has placed the editor and his better seven-eighths under obligations for a very fine large kershaw and a mammoth golden squash, the edible qualities of each of which is unsurpassed. The former is superior to sweet potatoes and the latter, converted into pies, is equal to the Josh Billings pumpkin pies of old New England fame.

We acknowledge the receipt of a very beautiful calendar for 1904 from the Citizens National Bank, Winchester, Ky., and if the excellence of the calendar indicates the condition of the bank it is evident that it is in fine shape. Our friend, Phip Winn, is with this bank, and it is prominently advertised in our paper. A. H. Hampton is the affable cashier.

Cud Spradling, whose illness was reported in these columns recently, was Monday night thought to be dying. But he recovered and everything that can be is being done to ameliorate his condition. His mother and brother are at his bedside ministering to him and he has the attention of other considerate friends.

Mrs. Dr. A. C. Nickell has been quite sick for six weeks past, and on Monday last Dr. Harve Stamper, of Campton, and Dr. Fred C. Bakes, of this place, were called in consultation of her case.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission apply to

INDIGESTION

"I was troubled with stomach trouble. Thedford's Black-Draught did me more good in one week than all the doctors' medicine I took in a year."—MRS. SARAH M. SMITHFIELD, Milledale, Ind.

Thedford's Black Draught quickly invigorates the action of the stomach and cures even chronic cases of indigestion. If you will take a small dose of Thedford's Black Draught occasionally you will keep your stomach and liver in perfect condition.

THEDFORD'S BLACK-DRAUGHT

More sickness is caused by constipation than by any other disease. Thedford's Black-Draught not only relieves constipation but cures diarrhoea and dysentery and keeps the bowels regular.

All druggists sell 35-cent packages.

"Thedford's Black-Draught is the best medicine to regulate the bowels I have ever used."—MRS. A. M. GRANT, Sneads Ferry, N. C.

LEE CITY LOCALS.

Tricky Tom has got well and was on a big drunk the other day.

At B. F. Rose's sale everything went very high, and all the things advertised were sold.

Andy Wilson is improving very slowly. He has had a severe spell of fever, but has so much nerve that he will not give up.

James H. Dunn, John S. Cisco, Richard Byrd and W. H. Hobbs are all going to leave Lee City Dec. 31 for Louisville, where they will attend a medical school.

Zion Robbins came here Saturday to attend 'Squire Shockey's court and defend his boy that the M. P. S. ran out. He has several cases against him. He submitted to the law and facts in one case, and the others were filed away, subject to reinstate should Tom Robbins return. The M. P. S. don't think he will return.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. A. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

The Misses Short, who have the dormitory in charge, are spending the holidays in Lexington, and upon their return hope to bring with them two cooks, a chamber maid and a laundress. During their absence the house is in care of their father, who came up from Lexington for that purpose.

Dock Gillett, a fireman on the O. & K. railroad jumped from a runaway engine on Frozen Saturday, striking a rock and crushing his skull. In an unconscious condition he was taken to a Lexington hospital. The engine was stopped after a 10-mile run.

Prof. Patton will spend his holiday vacation at his home in the southern part of the state.

The Weather Calendar.

The Chattanooga Medicine Co.; the manufacturers of Wine of Cardui and Thedford's Black Draught, have just issued the 1904 edition of their Cardui Weather Chart and Calendar. This Calendar with its 12 sheets 13x20 inches in size makes a bright ornament for the wall and is a useful acquisition in any home or office on account of its displayed weather predictions. The prominent numbers can be read across a large room as can the colored signal flags showing the weather conditions for each day. These weather signals illustrate the forecasts of Prof. Andrew J. DeVoe, who achieved great prominence by his accurate predictions of the great Galveston, St. Louis and Minnesota storms and cyclones. So great is the popularity of these predictions that they are printed in 2,500,000 of these calendars and in 18,000,000 of the Ladies' Birthday Almanacs, which are issued by the Chattanooga Medicine Co. each year. A copy of this weather chart and calendar may be secured by sending 10c. in stamps to the Chattanooga Medicine Co. Chattanooga, Tenn. Any of our readers who have not secured a copy of the Ladies' Birthday Almanac can get one by sending their address to "Ladies' Birthday Almanac," Chattanooga, Tenn., or by calling on their druggist.

A Fine Breed of Hogs.

An 18-months' old hog that tips the beam at 750 pounds is in possession of 'Squire John D. Rose. Indeed it was raised by him, and is a specimen of his O. I. C. stock, which he introduced in our section. These hogs are pure white, easily fattened and free of disease. Mr. Rose has just sold two pairs of pigs at \$25 per pair.

Special Land Buyers' Excursions Will run to the new lands of Greer county, Oklahoma, and other sections of the great Southwest in November and December, via the Frisco System.

Are you looking for rich and fertile farming lands in the Southwest which you can buy for from one-fourth to one-tenth the cost of lands of the East and North? They produce as much acre for acre. Here is a chance to better your condition and add a liberal amount to your pocket-book.

For full particulars and special railroad rates apply at once to R. S. Lemon, Secretary Frisco System Immigration Bureau, St. Louis, Mo.

'Squire Rose tells us that the purchaser of the poor house farm will have the privilege of keeping the paupers at \$75 each per year, and may thus pay the purchase price in part or the whole, as the case may warrant.

WRITING YOUR CHECK FOR \$1000

MANY a poor sufferer who has lost all appetite, and is wrecked by the evils of Dyspepsia, would gladly—eagerly—"Write a check for \$1000," if a good substantial meal could be eaten and enjoyed. Lost appetite and indigestion are directly due to inactivity of the liver. If the liver does not work properly—does not secrete sufficient bile, the digestive organs are thrown out of order, and the entire system is upset.

PLANTERS NUBIAN TEA, nature's greatest remedy for Dyspepsia, tones and assists the liver in performing its important work. Regulates the secretions necessary to digestion, removes that sense of fullness after eating, gnawing at the pit of the stomach, and relieves and permanently cures to stay cured—all symptoms of Indigestion and Dyspepsia. Gives a new lease on life and health—restoring strength and vigor to every organ. For sale by all druggists, or sent by us, post paid, 25c. a package, 5 packages \$1.00. Sample and booklet free to any address.

Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a cramp on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the
